Re: Finding of Violation  
Calibrated Power Solutions, Inc.  
Woodstock, Illinois

And

Finding of Violation  
Calibrated Power Solutions, Inc.  
Marengo, Illinois

Dear Mr. Preignitz:

The U.S. Environmental Protection Agency is issuing the enclosed Finding of Violation (FOV) to Calibrated Power Solutions, Inc. (Calibrated Power or you) for violating Section 203(a)(3)(A) and 203(a)(3)(B) of the Clean Air Act (CAA), 42 U.S.C. § 7522(a)(3)(A) and 7522(a)(3)(B). As summarized in the attached FOV, EPA has determined that Calibrated Power has removed and/or rendered inoperative devices or elements of design installed on or in motor vehicles or motor vehicle engines, and has manufactured, sold, offered to sell, and installed parts or components that bypass, defeat, or render inoperative elements of design of those engines that were installed by the original equipment manufacturer in order to comply with CAA emission standards.

We are offering you an opportunity to confer with us about the violations alleged in the FOV. The conference will give you an opportunity to present information on the specific findings of violation, any efforts you have taken to comply and the steps you will take to prevent future violations. In addition, in order to make the conference more productive, we encourage you to submit to us information responsive to the FOV prior to the conference date.

Please plan for both your Woodstock and Marengo facilities' technical and management personnel to attend the conference to discuss compliance measures and commitments. You may have an attorney represent you at this conference.

The EPA contacts in this matter are Cody Yarbrough and Brianna Fenzl. You may call them at (312) 886-9137 or (312) 886-1960 to request a conference. You should make the request within 10 calendar days following receipt of this letter. We should hold any conference within 30 calendar days following receipt of this letter.

Sincerely,

Brian Dickens  
Chief, Air Enforcement and Compliance Assurance Section MN/OH
